## Experience

### Software Engineer/Web Designer, Kinghood Technology Co, Ltd.

Taipei, Taiwan – 2014.03-Present

My job is spread out to be in many directions for one project. For “Cyberhood Office”, I translated Cyberhood Office (software), packaged it as an application, made YouTube videos, designed and developed a website with everything I created in.

#### Accomplishments

- Cyberhood Office: [www.cyberhood.net](http://www.cyberhood.net)
- English [www.kinghood.com.tw/en/index.html](http://www.kinghood.com.tw/en/index.html)
- UI/UX design for The Patient Talks app/website

### Senior Designer (Entrepreneur), TaiChiCard, LLC

Albuquerque, NM – 2013-2014.02

My job was to design, and design, and design some more. So much so I had a saying, saying “Everything is a design. That has made design everything!” However, I have had this business to promote and sell my game: Taichi Cube.

#### Accomplishments

- Illustration Book, “The World of Numbers: Where Did Middle Land Come From?” (2014) <http://amzn.to/VjfjW4>
- Taichi Cube: A New Magic Cube (2012) <http://amzn.to/1sCbB8w>
- Mobile/web applications: Taichi Card (2010-2011), Chinese Alphabet (2012), Fuzzy Sudoku (2013), Chun Shan (2013)  
<https://play.google.com/store/search?q=TaiChiCard>

### Art Coordinator, Desert Light Studio

Albuquerque, NM – 2005.03-2014.02

My job was primarily building and maintaining a website to house Sergio Viscoli pastel paintings. I further coordinated several shows in the local establishments. In some

occasions, I worked with the artist at his work.

*Accomplishments*

- Desert Light Studio: [www.desertlightstudio.net](http://www.desertlightstudio.net)
